

WEB MANAGEMENT ROAD MAP

Enjoy the benefits of an all-in-one web and content solution.

DOMAIN SETUP

1

We'll help transfer your domain from your current provider and make sure everything points to the right place.

HOSTING TRANSFER

2

Our team moves your website and software safely to Evolve Digital hosting, ensuring zero downtime and a smooth transition.

DOMAIN ACCESS

3

We register you as the domain owner and share management access to ensure both of us have full access to domain settings.

CDN & SECURITY

4

We place your website behind a secure Cloudflare plan to improve load speed and guard against attacks.

LAUNCH & SETUP

5

Once live, we confirm everything's running perfectly under Evolve Digital hosting. You're ready to go.

BACKUPS & MAINTENANCE

6

We run regular backups and handle all add-ons to keep your site safe, fast, and reliable.

UPDATES & SUPPORT

Need new features, changes or assistance? We're a call away! On call support and development for only **\$120-150/hr** billed each month with detailed work logs
